# **WATER RATE SURVEY RESULTS REPORT FOR 2018**

The Missouri Rural Water Association Water Rate 2018 Survey results are available. This survey was sent to MRWA member systems in late 2017 with membership renewal packets. A total of 472 responses are included in this report.

As expected, rates have increased overall since the last survey in 2016.

The number of systems that implement new technology in the form of online bill payment, facebook, and web pages continues to increase. The number of systems accepting credit/debit card payments is also on the rise.

Symbols used throughout the report include:

C = City

D = District

P = Private

L = Lagoon

O = Other

Since 1991, one of the most requested publications MRWA produces is our *Water Rate Survey*. This report seeks to detail ongoing trends in local water and wastewater rates. **YOUR** responses determine how complete our information is. PLEASE take a few moments to complete this form and return to us. Our new "Water Rates 2018" should be completed and available on the MRWA website at no charge in mid 2018.
