

## **REQUEST FOR QUALIFICATIONS PROFESSIONAL ENGINEERING SERVICES**

The Public Water Supply District No 8 of Platte County is requesting qualifications for Engineer Services for an EPA funded project. The services required may include one or more of the following specialized services.

Drinking water system engineering services including preparation of or amendments to, engineering reports, design of EPA project, easement review including a survey, construction administration, coordinating with legal services on all contracts related to EPA project and assistance with funding agency. The approximated project timeline starts Q1 of 2025 and ends Q4 of 2026.

Information provided in the response to the RFQ must include:

1. The specialized experience and technical competence of the firm with respect to the type of services required;
2. The capacity and capability of the firm to perform the work in question, including specialized services, with the time limitations fixed for the completion of the project;
3. The past record of performance of the firm with respect to such factors as fair and reasonable compensation, quality of work, and ability to meet schedules;
4. The firm's proximity to and familiarity with the area in which the project is located.
5. The firm's professional experience in designing systems for water projects.
6. The firm's professional experience when designing projects and construction administration with an EPA funded project or federally funded project.

Once the most qualified firm is selected, an engineering agreement will be negotiated.

The above information should be submitted no later than February 13, 2025 to the attention of Jennifer Pease, Clerk at PO Box 290 Smithville, MO 64089. Email submissions should be sent to [pwsd8platte@yahoo.com](mailto:pwsd8platte@yahoo.com).

For more information contact, Jennifer Pease, Clerk, at 816-532-4788. If wanting to hand deliver RFQ response please call Clerk and hand deliver to 206 Hampton Drive Smithville, MO 64089.
